FOREWORD

MESCO believes that Education is MESCO's priority. It provides scholarships in 2 main categories: 1) **Need-based (Education Aid: at School and College Level)** scholarships with average marks score 2) Merit-cum-means scholarships (EAS and HCES) for the financially marginalized but with high merit.

Earlier edition of this directory were published as follows: 1st Edition listed 270 students published in 2009; the 2nd edition was published in 2011 and recorded 500 students; the 3rd edition was published in 2015 and listed 790 students; the 4th edition was published in 2019 with 1005 students and finally the 5th edition listing 1200 students. **All the editions including this one list only those students whose data was available at the time of publication.**

This year, 2024-2025 under the E.Aid School Level category **3387** students were assisted while in the E.Aid Post School Level **1571** students were assisted. The average cost under the E.Aid category works to Rs. 8000/- per student. Under the Education Adoption Scheme **747** students were awarded scholarships; the average amount spent per student works to Rs. 25,000/- p.a. While under the HCES **299** students were assisted at an average cost of Rs. 74,000/- p.a. The total students covered under the different schemes in 2024-25 work out to **6004** and the organisation spent 7.06 crores. One major strategy has been to continue assisting students up to Graduation level.

The content of the 5th edition follows a similar arrangement as in the 4th edition. The list begins with the PhD. UPSC, MPSC and goes through, Professional Post Graduation Degree followed by Post Graduation (General) followed by Graduations (Professional Graduation) in turn followed by Graduation (General) and then Diploma holders, in that order. Of the total students listed 619 are girls followed by 574 boys. The centre pages include a few students working in well-known institutions and companies and are followed by some of the students working abroad in different countries and different fields. The total number of students working abroad is 172, spread over 22 countries. The total students listed in this edition is approx. 1200.

We have noticed that with the much-needed financial support required, MESCO has been able to provide support varying from 20% in the case of Medical Students to about 70% to 80% for Engineering and Management Students, and other Degree students. The students have not only been able to continue with their Educational pursuits but have really done well and have found gainful employment as can be seen as we turn over the pages; many of them are employed in MNCs at responsible positions.

We have included some of these students in the centre under the caption "Students working in responsible positions in India" followed by "Students working in responsible positions in 22 different countries Abroad".

We owe it to Allah to show us the way and are very grateful to our donors; some of them are our own students whose profiles are included in this Directory. This journey continues over the years with much gratitude. MESCO would have by this time assisted more than 50,000 students over the years.

We sincerely thank everyone who contributed to the Ex-Students Directory. Your dedication, time, and effort have been invaluable in creating this meaningful resource.

Thank You,

Dr. M.A. Khatkhatay
Founder Member, MESCO

MESCO STUDENTS EXPRESS THEIR GRATITUDE IN MYRIAD WAYS

- ◇ Students write back about vacancies that may come up in their Companies for information of likely aspirants.
- ◇ Many past students volunteer for one or even two days at Career Melas & provide first hand information on different courses that the current students could pursue.
- ◇ Ex-students come and speak at Get-togethers about how to study, give information about careers, emerging fields and employment scenario.
- ◇ Work shoulder to shoulder with the Committee & Staff for handbills distribution outside mosques before Ramadhan.
- ◇ Contribute their Zakat during Ramadhan and also help out in Zakat collection.
- ◇ Ex-students have joined the Portfolio Committees; some have even been taken up in Sub-Committees and some others into the Executive Committee (Board of Trustees). They spend time discussing and debating policy matters of the Organization and charting out its future course.
- ◇ Many students just drop whenever possible through the years to just find out how their MESCO is and meet the Committee Members and Staff. Many current students help during vacations.
- ◇ Many students have become Newspaper Donors, Life Members as well as Patron Members. Some of them also Sponsor for Ration Support, for Sewing Machines, Providing Medicines to Patients and for High Cost Surgeries.
- ◇ Many students participate (volunteer) in other fund raising activities and also help out during Daan Utsav Programme. They are positive role models to the current students.
- ◇ Ex students also help MESCO in conducting Health Screening Camps.
- ◇ MESCOites are our National and International Ambassadors. They share their success stories amongst their Social and Professional Network.
- ◇ Help in tapping Corporate Social Responsibility (CSR) funds from their Companies.
- ◇ Many Ex-students are now giving back by sponsoring one or more students under various educational schemes.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES

The growth and sustain-ability of MESCO over the last 56 years has been purely because of the support of thousands of supporters and donors. So many of our supporters started with donating old newspapers and clothes, then started giving zakat and later took on larger responsibilities like sponsoring our education and healthcare programs. While MESCO may not have a large Corpus, our supporters who have championed our schemes are the ones that have kept them running and growing year on year.

Even before CSR became a buzzword, MESCO received funds from both local and international Trusts and Foundations. Some of the local Trusts, such as Rogay Charities, Bai Jenabai and Bombay Community Public Trust, and some International charities such as Muslim Aid UK and Valibhoy Charities Trust Singapore have helped us in a sustained way, while others such as GiveIndia, Allana Foundation, SPA Trust, CAF America, Al Medina Trust, Kadri Foundation, IMRC, and AFMI supported us for one or more projects/ schemes.

We have had the support of several private and public companies, such as: Worley Parson, L&T Sapura, ABP News, Godrej, Talib & Shamsi, SBI, Nokia & Oriental Insurance. In the years to come, we hope to attract more funds under CSR to help address the vast education and healthcare needs of our growing population.

NEWSPAPER COLLECTION

In the year 1970, MESCO's fundraising journey started by collecting and selling Old Newspapers. With a small amount of Rs. 3000/- generated by this sale in the first year, the activity has grown in leaps and bounds. Today it has 03 units (Mumbai City, Suburb & Thane), collecting from **85 locations (2995 houses spread across 1450 Housing Societies and 7 Institutional Units)**. The units are manned by a team of 10 dedicated staff who are often the first point of contact for the organization to the donors. Today this fund-raising platform supports the objectives of the trust.
